UNITED KINGDOM
Tel: 44 1865 736393 / Fax: 44 1865 736393
e-mail: mfreeman@btinternet.com

Topic: The purpose of this session is to introduce the GHTF general membership to a document developed by the members of Study Group 1 that shows how the work of the four study groups fits together to cover all aspects of medical device regulation. In addition, other projects that SG 1 are currently working on will be discussed.

Goals: The goals of this session are to introduce members who may be unfamiliar with the scope of each study group to the work of each group, and in particular, to that of Study Group 1.
